2021 INTERNATIONAL UNDERGRADUATE PROGRAMS

SCHOLARSHIP INNOVATION LEADERSHIP COOPERATION

WELCOME TO SILC BUSINESS SCHOOL SHANGHAI UNIVERSITY

Founded in 1994, SILC is a cooperative educational venture jointly owned by Shanghai University (SHU) in China and the University of Technology Sydney (UTS) in Australia.

By bringing together the best of SHU and UTS, integrating high-quality educational resources from abroad, and adhering to strict quality assurance measures, SILC is the foremost Sino-foreign cooperative school in China.

SILC welcomes more than 390 international students every year, which makes up 10% of the total student population. Conversely, SILC sends approximately 290 Chinese students to overseas universities for short-term and long-term study programs.

We have signed exchange agreements with more than 30 universities, most of which are located in America and Europe. Students not only study business courses at SILC, instructional language being English, but can also study basic Chinese courses provided by SILC.

In February 2020, SILC received the AACSB accreditation, placing SILC in the top 5% of business schools in the world.

STUDENT LIFE

STUDENT ORGANIZATIONS

SILC International Student Aid Union (ISAU) is composed of both Chinese and international student volunteers who help international students with their arrival in Shanghai, answering any questions they may have and help students settle down in SILC. The Chinese and International Students Union organizes activities in arts, sports, entertainment and so on for international students. SILC International Student Ambassador (SISA) is a program for students who are willing to promote SILC abroad, welcome international delegations and attend international education fairs on behalf of SILC.

STUDENT SERVICE

SILC provides comprehensive student services in terms of learning and career development. All international students will be assigned academic advisors, who offer advice on study problems, study methods and how to cope with academic pressure. The Career Development Centre aims to provide comprehensive career services which helps our students formulate a clear career-development plan.

STUDY ABROAD

SILC undergraduate students may apply for a one-term or one-year exchange study with our partner universities in different countries, including North Carolina State University in the US, University of Groningen in the Netherlands, Uppsala University in Sweden, Loughborough University in the UK, etc. SILC also organizes summer schools in the US, the UK, Australia, the Netherlands, Greece, Norway and Canada for students to expand their international horizon.

INTERNSHIPS

SILC assists international students in arranging internships according to their major and their aims after they have finished their normal study. The companies for internships include Continental Corporation (Shanghai), Volkswagen, Labcare Scientific China Limited etc. Internships can significantly enhance students' professional and communication skills.

CAMPUS LIFE

SILC offers a great variety of activities to enrich students' campus life such as international cultural festival, city exploration, international friendly soccer match, celebration of traditional Chinese festivals etc. In addition, SILC boasts more than thirty sports teams and societies.

LEARNING CHINESE

Chinese Language courses at different levels are offered for all international students.

“

Since China has become the world's second
largest economy and is still growing fast, I
thought it would make sense to study here and
try to learn Chinese. I chose Shanghai University
because of its location and educational quality.

So far I like it a lot; the school is nice and I'm
adapting well. I have made a lot of friends. The
teachers are nice and the atmosphere in the
classroom is fantastic. Studying at SILC Business
School is a big opportunity for me, and I'm very
happy with my decision to come here.
